

Daily Announcements

Wednesday, September-11-24

From Mr. McLaverty

Our first **fire drill** of the year is on **Thursday** before the end of the first block. Please listen to the directions and familiarize yourself with the route map in the room and which is the correct exit to follow. Note that the assembly point will be generally similar to last year.

TAGS 1-3 will assemble on the basketball court.

Tags 4-18 will assemble on the turf field in lines facing the basketball court as last year.

TAG will start nearest to the end of the field and progress up to TAG 18 which will be closest to the main school building. **Cones will be placed this first time out to guide and show your assembly point.** Please follow the cones and ensure you **line up in your own TAG only.**

Fire Drill Procedures

1. When the **fire alarm** is activated, all instruction and **activity stops.**
2. Students stand and remain **SILENT.**
3. The teacher (not a student) opens the classroom door and determines the appropriate route. Maps are located in each classroom and exits are identified. The **students follow the teacher in line silently** and walk out in an orderly manner. Pupils will remain in formation until dismissed by the principal or person in charge. Please **ensure that all doors and windows are closed as you exit the room and building.**
4. Any students who are not with a class when the alarm sounds should go to the nearest corridor and join with any class or, if close to an exit, leave the building and report to their **TAG class once outside the building.**
5. Once the all clear is given by the principal or the person in charge, students will follow the instructions given by their teacher and return to their classroom in a silent and orderly manner.
