Tuesday, October-15-24

From the Religion Department

There is still time to **donate**. Do you know that **33 % of Food Bank users are children**. Please **give generously** to the **World Food Day Drive**.

From Student Council and Mr. Ballam

Thursday is the **Great BC Shakeout** which means we have an earthquake drill. Why? Because you need to be prepared when you cannot stop the uncontrolled shaking during an earthquake. And you know what else has uncontrolled shaking? Mr. Ballam's right arm. Why? Because he has Parkinson disease. On Thursday we will also have a **TWO DOLLAR civvies day**, and all funds raised will go to the **Parkinson Wellness Project** here in Victoria BC. So, if you wear civvies on Thursday, bring \$2 or more. The earthquake drill will happen at 10:17 on Thursday.

From Mr Ballam

The Health Information Science Department at UVIC has an open house this THURSDAY from 4:30 to 6:30 PM. Health informatics is a spectrum of multidisciplinary fields that includes study of the design, development and application of computational innovations to improve health care. [2] The disciplines involved combine medicine fields with computing fields including AI. For more information go to uvic.ca.hinf or see Mr. Ballam.

From the Peer Counsellors

Did you know that joining a club at school can reduce stress, increase your level of creative thinking, add to a future capstone, and even help you get into a university program? There are many active clubs at St. Andrew's and more are being formed. Come to the Commons at lunch to see the possibilities. Even better, sign up and get more connected with great people and awesome activities.

Over please.../2

Miss M

- All athletic council members, at lunch, please bring your food and meet in the art room.
- Hey Sabres! Tonight at 6 pm, our senior girls' volleyball team will play their final game here at St. Andrew's. The theme is BLUE OUT, so come show your support by wearing anything blue and filling the stands. A celebration will be held at the end of the night to honour our graduating seniors, so bring your friends and be loud tonight. Hope to see you there!

SPORTS THIS WEEK

Tuesday
