## **From Mr. Crisante**

If there is anyone out there who is in grades 9 - 11, are interested in local politics and want to have a voice in your municipal government... this may be for you.

The Saanich Municipal Government is rolling out a new program called "Mayor's Youth Council". The Youth Council provides a structured and ongoing opportunity for young people in Saanich to advise Saanich Council and staff on issues affecting and relating to young people.

The hope is to have every high school in Saanich represented on this council. If this is something that interests you and you would like to know more about it please sign up for my Focus block on Friday, October 10th.
